e. Approve Close Out of the Jim Minor Road Park Capital Improvement Budget

Mayor Pro Tem Chip Turner made a motion to approve the Consent Agenda, seconded by Council Member Ricky Hall. All voted in favor of the motion.

Old Business:

- a. <u>Public Hearing</u>: Petition for Voluntary Contiguous Annexation for 13.818 acres located at 919 and 957 Woody Drive (GPIN 8884821071 & 8884825405) (AN2001):
 - i. Approve Annexation Ordinance

Planning Director Nathan Page explained that this request seeks the Council's approval for an extension of the corporate limits to include the subject property. The area being considered for annexation is between Woody Drive and Whittemore Road, and water and sewer are both available at this location. Mr. Page added that the annexation process has multiple steps. Following a Public Hearing, approval of an Annexation Ordinance is the final step for Council in the annexation process.

Following a brief discussion between Council Members and staff regarding the cost analysis for this annexation, Mayor Peterman opened the Public Hearing. With no comments forthcoming, he closed the Public Hearing.

Council Member Melody Wiggins made a motion to approve the Annexation Ordinance to Extend the Corporate limits of the City of Graham, North Carolina, for two parcels on Woody Drive.

Before Mayor Peterman entertained a second, he re-opened the Public Hearing so the following individual could address this agenda item with Council Members via the livestream:

Royce Deuink – 961 Whittemore Rd. & 405 Cadbury Ct. Graham

With no further questions forthcoming, Mayor Peterman closed the Public Hearing and asked for a second on the motion by Council Member Wiggins. Council Member Ricky Hall seconded the motion and all voted in favor of the motion.

Requests & Petitions from Citizens:

a. <u>Public Hearing</u>: 810 South Main Street B-2 (RZ2002). Request by Paul Williams to rezone property at 810 South Main Street from Residential (High Density) R-7 to General Business B-2 (GPIN 8883199976)

Mr. Page explained that this request is to rezone the subject property from R-7 to B-2. This lot was used as a single-family detached residence until recently. He added the stated reason for this rezoning request is "Exploring commercial options that will allow for construction of a business more in keeping with the Highway 87 corridor than the current single family home." Mr. Page advised that the application was received in March and the 60 day window for the Planning Board to have a say in this matter has lapsed. Due to Covid-19, the Planning Board has not met and therefore has not made a recommendation on this request.

Council Members took turns asking staff about site plans, traffic congestion and cross access agreements. Council Member Jennifer Talley expressed concern with setting a precedent with bypassing the Planning Board. Council Member Wiggins noted that there are special circumstances that do legally allow Council to vote without a recommendation from the Planning Board. With no further discussion forthcoming, Mayor Peterman opened the Public Hearing.

The developer for this project, Mr. Paul Williams of 418 North Marshall Street Winston Salem, joined the livestream and fielded questions from Council Members. Council Members asked about the business Mr. Williams is proposing for this property and encouraged Mr. Williams to speak to adjoining properties about possible shared access.

Council Members discussed setting up a meeting with officials in Raleigh to ask for assistance for a road to be constructed that would connect Bruce Turney Street and East Crescent Square Drive. By consensus, it was determined that Mayor Peterman and Mayor Pro Tem Turner would reach out to the officials in Raleigh.

With no further comments forthcoming, Mayor Peterman closed the Public Hearing. Following a brief discussion between Council Members, Council Member Hall made a motion that the application be approved, the application is consistent with The Graham 2035 Comprehensive Plan and that this action is reasonable and in the public interest for the following reason: In keeping with Policy 2.2.1, and 2.2.3, as well as Strategy 1.1.5, rezoning the subject property would permit redevelopment more fitting of a Mixed Use Commercial district in a location which is increasingly less suited for single family residences. Mayor Peterman seconded the motion and all voted in favor of the motion.

- b. Petition for Voluntary Non-Contiguous Annexation for 77 acres located on Jim Minor Road (GPIN 8893856817 & 8893762882) (AN2002):
 - i. Approve Resolution Requesting City Clerk to Investigate Sufficiency
 - ii. Approve Resolution Fixing Date of Public Hearing on Question of Annexation

Mr. Page explained that the area being considered for annexation is noncontiguous. While sewer is near the lot, the applicant anticipates extending municipal water service to the location. Mr. Page added that approval of these resolutions does not finalize the annexation, as Council is required to advertise and conduct a public hearing, followed by a vote on an annexation ordinance.

Mr. Page advised that the developer has also applied for conditional rezoning approval as well as subdivision approval.

Council Members and staff briefly discussed this project still having to go through the conditional rezoning process, cost analysis for annexing in this property and utility connections.

Mr. Tony Tate of 3120 A Timberlyne Drive Mebane, joined the livestream and fielded questions from Council Members. Mr. Tate advised that he is the landscape architect for this project and advised that they would be happy to make water available to the Graham Regional Park across the street if this project is approved. City Manager Frankie Maness advised that to develop at the density proposed, sewer service would have to be extended as well.

With no further comments forthcoming, Council Member Wiggins made a motion to approve the Resolution Directing the Clerk to Investigate a Petition Received Under G.S. 160A-31 for two parcels on Jim Minor Road, seconded by Mayor Pro Tem Turner. All voted in favor of the motion. Additionally, Council Member Wiggins made a motion to approve the Resolution Fixing Date of July 14, 2020, for a Public Hearing on Question of Annexation Pursuant to G.S. 160A-31 for a 77 (+/-) acre site on Jim Minor Road, seconded by Council Member Hall. All voted in favor of the motion.

A PETITION RECEIVED UNDER G.S. 160A-31 FOR TWO PARCELS ON JIM MINOR ROAD.

WHEREAS, a petition requesting annexation of an area described in said petition was received on June 2, 2020, by the Graham City Council; and

WHEREAS, G.S. 160A-31 provides that the sufficiency of the petition shall be investigated by the City Clerk before further annexation proceedings may take place; and

WHEREAS, the City Council of the City of Graham deems it advisable to proceed in response to this request for annexation.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Graham:

That the City Clerk is hereby directed to investigate the sufficiency of the above described petition and to certify as soon as possible to the City Council the result of her investigation.

- c. Petition for Voluntary Contiguous Annexation for 6.37 acres located at 1455 East Harden Street (GPIN 8893072659) (AN2003):
 - i. Approve Resolution Requesting City Clerk to Investigate Sufficiency
 - ii. Approve Resolution Fixing Date of Public Hearing on Question of Annexation

Mr. Page explained that the area being considered for annexation is contiguous along the South side. He added that approval of this resolution does not finalize the annexation, as Council is required to advertise and conduct a public hearing, followed by a vote on an annexation ordinance.

Following a brief discussion, Council Member Wiggins made a motion to approve the Resolution Directing the Clerk to Investigate a Petition Received Under G.S. 160A-31 for a parcel located at 1455 East Harden Street, seconded by Council Member Hall. All voted in favor of the motion.

Additionally, Council Member Wiggins made a motion to approve the Resolution Fixing Date of July 14, 2020, for a Public Hearing on Question of Annexation Pursuant to G.S. 160A-31 for a 6.37 acre site on East Harden Street, seconded by Council Member Hall. All voted in favor of the motion.

Section 3. Notice of the public hearing shall be published once in The Alamance News, a newspaper having general circulation in the City of Graham, at least ten (10) days prior to the date of the public hearing.

Public Hearing: Adoption of Budget Ordinance for FY 2020-2021

Mr. Maness explained that the Budget Ordinance is the financial plan for the City for the fiscal year 2020-2021. State law requires that the City adopt a balanced annual budget following a public hearing prior to July 1st. He added that the attached Budget Ordinance accounts for all anticipated revenues and expenditures for all operating funds for the upcoming fiscal year, including capital expenditures and other special funds. The proposed budget ordinance does not appropriate funds on a line by line basis (object basis), but rather on a departmental basis. Mr. Maness further explained that the Budget Ordinance captures all revenues and expenditures outlined in the City Manager's Recommended Budget. Most notably is the revenue and expenditures for added debt service for the Boyd Creek Pump Station (\$130,000) and preparation for the Waste Water Treatment Plant Improvements and Expansion Project that has an estimated debt service of \$1,250,000. Mr. Maness added that the total of all funds is \$28,035,640. The tax rate remains at \$.455 per \$100.00 of valuation and all General Fund fees remain unchanged. Water and sewer user charges are adjusted to reflect the actual costs as well as upcoming debt service requirements. Average water users will see a decrease in charges while average sewer users would realize an increase. Average users of both will see an overall increase in charges as the increase in sewer rates exceeds the reduction in water rates. A handful of customers with minimal usage may actually realize a decrease.

With no comments from City Council forthcoming, Mayor Peterman opened the Public Hearing. City Clerk Darcy Sperry read an email received through the public comments portal for this meeting from Ms. Anne Haviland of 507 North Main Street Graham. Ms. Haviland expressed concern with the amount of monies budgeted to the Police Department, specifically mentioning school resource officers. She asked Council to "have an open mind and consider who is best suited to address issues in Graham and direct funds to the most ideal solution." Mayor Peterman spoke of the value of police officers within schools. Council Member Talley stated she would like to add one fulltime police officer to the proposed budget, as officers are asked to do a lot.

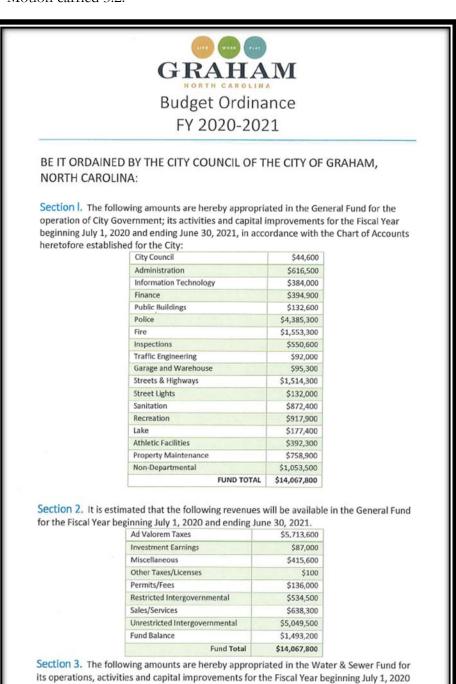

Graham Police Lieutenant Duane Flood joined the livestream meeting to speak about the value of school resource officers. Mr. Nathaniel Griffin joined the livestream meeting to speak about the misunderstanding of defunding police departments. With no further comments forthcoming, Mayor Peterman closed the Public Hearing.

Council Member Talley again asked Council Members to consider funding one additional fulltime police officer. Council Members agreed that there is a need for more police officers, but funding additional personnel is not possible at this time without dismantling other City services.

Council Member Talley informed Council Members that she had issues with Mr. Maness' proposed water and sewer rates and she had met with him about this. Mr. Maness stated that while his proposal is one that he really likes, he did build a new model based on his discussions with Council Member Talley. He gave Council Members another model to consider that is an increasing block structure that encourages water conservation. He stated that the more you use the higher rate you would pay. Mr. Maness added that he would be comfortable using either rate structure.

He added that water and sewer rates are something that will need to be revisited for the next several years, as our water facilities undergo major required upgrades. Council Members agreed that they would support the proposed model that Mr. Maness and Council Member Talley developed.

Mayor Peterman made a motion to adopt the Budget Ordinance with tonight's proposed water rate changes for Fiscal Year 2020-2021, seconded by Council Member Wiggins. Approve Temporary Outdoor Dining in the Central Business District (B-1) <u>During Covid-19 Pandemic</u>

Downtown Development Coordinator Mary Faucette explained that we continue to be in the midst of a national and international pandemic health situation, which is having a negative impact on us all, from a health perspective, personal financial perspective, business perspective, and mental and emotional wellbeing perspective. She added that small independent businesses are a major part of our local economy. Mrs. Faucette reviewed Governor Cooper's Executive Order 118 and Executive Order 141 and spoke of how both have made it difficult for businesses to open and operate in their existing footprints without negative financial impact. She informed Council Members that a recent survey sent to Graham's B-1 business owners returned 58.3% of respondents stating a need to extend their outdoor seating space. On behalf of the downtown business community, Mrs. Faucette requested that Council approve outdoor dining in the B-1 upon sidewalks and parking spaces (where applicable), until Governor Cooper reinstates indoor dining capacity to Pre-COVID levels.

Council Members expressed concern with placing tables in parking spaces. Also discussed was liability insurance, with City Attorney Bryan Coleman advising Council that should they choose to proceed with this request, they require businesses to supply the City with a certificate of liability insurance listing the City as additional insured. Council Members also discussed table placement on the sidewalks and bringing all businesses into compliance with outdoor seating.

Mayor Peterman made a motion that the City Manager or his designee the authority to approve outdoor dining in the B-1 upon sidewalks until Governor Roy Cooper reinstates indoor dining capacity to Pre-Covid levels, and businesses provide the City with insurance listing the City as additional insured. Council Member Hall seconded the motion and all voted in favor of the motion.

<u>Issues Not on Tonight's Agenda (Public Comment Period):</u>

Mr. Griffin once again joined the livestream and thanked the Council for making these meetings more accessible to the public. He also thanked the City of Graham and the Graham Police Department for their participation in the recent Tour of Graham and Prayer Walk events. Mayor Peterman stated he was moved by both events.

Crystal Kortiz joined the livestream and inquired about the confederate statue that sits in front of the Alamance County Historic Courthouse. She asked that Council consider removing it. Mayor Peterman advised that the statue does not belong to the City of Graham and noted that it sits on NCDOT property. He suggested she reach out to NCDOT as well as state officials in Raleigh.

Mr. Maness advised that Pursuant to N.C.G.S. 166A-19.24 (e), written comments may be submitted to <u>publiccomments@cityofgraham.com</u> for a period of 24 hours following the conclusion of this meeting.

Ms. Sperry advised that the City received two emails via the public comments email provided for this meeting. She read the first email, from Mr. Rick Miller of 710 Oakgrove Drive Graham, who thanked the City for keeping Graham safe and civil during this time of unrest. The second email she read was from Retired Sergeant First Class Adam Rose of 3561 Boywood Road Graham. Mr. Rose expressed dissatisfaction with the recent curfews set by Mayor Peterman.

At 8:37 p.m., Council Member Hall left the livestream meeting.

Council Member Talley asked Mayor Peterman what goes into the decision to have a virtual meeting. Mayor Peterman advised that it is his call, much like the call for a curfew and he is abiding by the Governor's order. Council Member Talley stated she had not heard one threat about the statue, but appreciates what Mayor Peterman has done to keep businesses and residents safe with implementing curfews.

At 8:45 p.m., Council Member Wiggins made a motion to adjourn, seconded by Council Member Talley. All voted in favor of the motion.

SUBJECT:	DONATION OF SURPLUS POLICE CARS TO ACC
PREPARED BY:	FRANKIE MANESS, CITY MANAGER

REQUESTED ACTION:

Approve Resolution Authorizing Conveyance of 2005 Chevy Impala and 2008 Ford Crown Victoria to Alamance Community College Pursuant to G.S. 160A-274.

BACKGROUND/SUMMARY:

The Police Department has a 2005 Chevy Impala and 2008 Ford Crown Victoria that each are deemed surplus due to age and mechanical condition. Alamance Community College has requested that the City consider donating the vehicles so it can be used by the Basic Law Enforcement Training Academy for recruit training. The City and other local law enforcement agencies have made similar conveyances in the past.

The General Statutes (G.S. 160A-274) allow for the conveyance to another governmental agency.

FISCAL IMPACT

Negligible. Most likely the vehicles only have salvage value. The costs associated with efforts to sale would likely surpass any compensation received.

STAFF RECOMMENDATION:

Approval.

SUGGESTED MOTION(S):

I move we approve the Resolution Authorizing Conveyance of a 2005 Chevy Impala and 2008 Ford Crown Victoria to Alamance Community College Pursuant to G.S. 160A-274.

WHEREAS, North Carolina General Statute § 160A-274 authorizes a governmental unit in this state to exchange with, lease to, lease from, sell to, or purchase from any other governmental unit any interest in real or personal property upon such terms and conditions as the governmental unit deems wise, with or without consideration; and

WHEREAS, the City of Graham has determined that it is in the best interest of the City to convey the 2005 Chevy Impala and 2008 Ford Crown Victoria to Alamance Community College, and deems it wise to do so for no consideration.

THEREFORE, THE GRAHAM CITY COUNCIL RESOLVES THAT:

STAFF REPORT

SUBJECT:	ANNEXATION OF TWO LOTS OFF JIM MINOR ROAD
PREPARED BY:	NATHAN PAGE, PLANNING DIRECTOR

REQUESTED ACTION:

Approve the Annexation Ordinance to Extend the Corporate Limits of the City of Graham, North Carolina, for two lots off Jim Minor Road.

BACKGROUND/SUMMARY:

The 77 +/- acre area being considered for annexation is noncontiguous. While sewer is near the lot, the applicant anticipates extending municipal water service to the location.

The annexation process has multiple steps. Following a public hearing, approval of an Annexation Ordinance is the final step for Council in the annexation process.

FISCAL IMPACT:

Due to the proposed density of the development, and assuming a similar selling price to Forks of the Alamance, the neighborhood is likely to supply a positive revenue for the City of Graham. It is worth noting that a reduction in density without a corresponding reduction in road lengths would likely result in an imbalance wherein the neighborhood had costs in excess of the potential revenues.

STAFF RECOMMENDATION:

Table and continue the public hearing until August 11th. The property is seeking a development approval simultaneously. The Planning Board tabled the matter, therefore no recommendation has been forwarded to the Council.

SUGGESTED MOTION(S):

1. I move to table the Annexation Ordinance to Extend the Corporate limits of the City of Graham, North Carolina, for two lots, making up approximately 77 acres off Jim Minor Road and continue the public hearing until August 11th.

ANNEXATION ORDINANCE

TO EXTEND THE CORPORATE LIMITS OF THE

CITY OF GRAHAM, NORTH CAROLINA FOR TWO LOTS OFF JIM MINOR ROAD (AN2002)

WHEREAS, the Graham City Council has been petitioned under G.S. 160A-31 to annex the area described below; and

WHEREAS, the Graham City Council has by resolution directed the City Clerk to investigate the sufficiency of the petition; and

WHEREAS, the City Clerk has certified the sufficiency of the petition and a public hearing on the question of this annexation was held at City Hall, 201 South Main Street, Graham at 6:00 P.M. on June 14, 2020, after due notice by publication on June 25, 2020; and

WHEREAS, the Graham City Council finds that the petition meets the requirements of G.S. 160A-31;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Graham, North Carolina that:

Section 1. By virtue of the authority granted by G.S. 160A-31, the following described territory is hereby annexed and made part of the City of Graham as of July 31, 2020:

Summary

This is a request to initiate zoning upon the subject property as Conditional Residential. The proposed use of the property is for 393 dwelling units, with a mixture of townhomes and single family detached units. While the site is within the identified NCCP, the location of the park and the existing residential density on Atlas Drive suggest that this location may be better served by residences than an industrial complex.

Open space has been provided internal to the site, as well as to protect the wetlands and streams upon the site. This development is across the street from the Graham Regional Park, which has recently opened the second phase.

The Technical Review Committee reviewed the application and provided comments to the applicant via the Planning Director. As of the publishing of this agenda packet, the applicant had not responded to the comments. There are substantial required revisions to the plans, which may result in the loss of a few units for stormwater control, but would not require a new roadway be constructed.

Conformity to the *Graham 2035 Comprehensive Plan* (GCP) and Other Adopted Plans

Applicable Policies;

- 3.2.4 Greenway System. Promote a greenway system that links together the City's recreational resources and provides connections to commercial, employment, and residential areas. Greenways along stream buffers should be prioritized in order to protect the stream watershed. This neighborhood is across Jim Minor Road from our largest park, and could include a crosswalk to the park, if it is an amenity the City Council desires.
- 3.3.2 Focused Development. In order to maintain Graham's affordability and promote growth, the city will facilitate smart growth development by promoting infill development and focused, walkable, and mixed use built environments. The Graham 2035 Comprehensive Plan expects a continuation of the Interchange Regional Node to develop within the half-mile walkable radius of this neighborhood.
- **5.1.1 Housing Variety.** Encourage a mix of housing types within Graham to increase choice. These can include single family dwellings units, multifamily dwelling units, small units, pre-fabricated homes, co-housing and clustered housing. This project would construct additional townhomes, as well as single-family-detached to increase housing choice in Graham.
- **5.2.1 Diverse Neighborhoods.** Encourage a mix of housing types within Graham, including detached, duplex, multifamily, townhomes, and live-work units. *The proposed zoning would allow for both townhomes and single-family-detached in the same neighborhood.*

Applicable Strategies;

- 1.1.2 Design Guidelines. Develop commercial and residential site design guidelines that enhance community character and appearance, to be used with special use permits and conditional rezoning applications. While the City doesn't have design guidelines, they could be required as a condition of approval.
- **4.2.1 Greenways.** Continue to develop a greenway system that links together the City's recreational resources. *This neighborhood has the potential to have easy access to Graham's largest park.*
- **4.3.1 Land Use Patterns.** Promote development of efficient land use patterns to allow continued quality and efficiency of water systems. Discourage the extension of water service into areas that

Technical Review Committee

The Technical Review Committee reviewed the application and provided comments to the applicant via the Planning Director. As of the publishing of this agenda packet, the applicant had not responded to the comments. There are substantial required revisions to the plans, but they do not affect the number of proposed lots, nor the access points from Jim Minor Road.

Conformity to *The Graham 2035 Comprehensive Plan* and Other Adopted Plans

Applicable Strategies and Policies

- Policy 3.2.3 Fewer Dead-end Streets Discourage or prohibit the development of cul-de-sacs and dead-end streets in new projects. This proposal permits redundant access to all but a few lots.
- Policy 3.2.4 Greenway System Promote a greenway system that links together the City's recreational resources and provides connections to commercial, employment, and residential areas. Greenways along stream buffers should be prioritized in order to protect the stream watershed. This parcel contains land that a pedestrian easement will be required as a condition of TRC approval to connect to the NCCP, and eventually the Haw River Trail.
- Strategy 4.2.1 Greenways Continue to develop a greenway system that links together the City's recreational resources. Alamance County Parks and Recreation is attempting to link many of these neighborhoods with the Haw River Trail.

<u>Development Type</u> Employment District

The employment district should be studied and planned in order to accommodate a range of employers and provide office space, industrial space, commercial space, institutional space, and residential housing. This should be planned to limit environmental impacts, preserve open space and open corridors, and develop high-quality and adaptable buildings for a variety of companies.

Appropriate Density: 6 dwelling units per acre

Policy 4.3.1 Land Use Patterns Promote development of efficient land use patterns to allow continued quality and efficiency of water systems. Discourage the extension of water service into areas that are not most suitable for development. *This proposal keeps almost all of the development out of the floodplains, and will bring water and sewer infrastructure close to the City of Graham's park.*

Staff Recommendation

Based on *The Graham 2035 Comprehensive Plan* and the *City of Graham Development Ordinance*, staff **recommends approval of the subdivision.**

The following supports this recommendation:

Allowing a subdivision in this location removes households from the potential harm from floodways (Policy 4.3.1), and protects greenspace (3.2.4) and promotes a greenway trail system (4.2.1).

Staff Recommendation

Approval

Conformity to the Graham 2035 Comprehensive Plan (GCP) and Other Adopted Plans

Applicable Policies;

- 2.2.3 Retail Centers Because of market limitations on the amount of retail space the City can viably support, Graham promotes retail within focused centers of activity that will host a large variety of small retail spaces while generally discouraging sprawling isolated retail that does not promote a cohesive urban fabric. This lot is adjacent to the Interchange Regional Node. While a nursery may not be highest and best for the location, it would permit future development more in keeping with the Educational District.
- 2.2.1: Focused Development In order to maintain Graham's affordability and promote growth, the city will facilitate smart growth development by promoting infill development and focused, walkable, and mixed use built environments. The B-2 district allows for a variety of uses which includes a larger mix of uses than the light industrial zoning.

Applicable Strategies;

• 1.1.5 Discourage Strip Development Discourage strip
development along transportation arteries and proposed
interstate interchanges by directing these commercial activities to proposed activity centers. It may
be beneficial for the City Council to consider a land use pattern to include shared driveways and
accesses in an effort to prevent what has occurred on Highway 87.

Description of Development Type

Over time, the education district should be planned to include compact development patterns. Such development should consist of mixed use building that include housing for students, staff, and instructors, commercial uses for daily needs, flex space, and other space for light industry and employment. Parking structures should be placed on the periphery of the campus and behind buildings to allow for centralized green spaces. Buildings within this district should be threaded into a walkable urban fabric.

Appropriate Form 2-6 story buildings

Staff Recommendation

Based on the *Graham 2035 Comprehensive Plan* and the *City of Graham Development Ordinance*, staff recommends **approval** of the rezoning. The following supports this recommendation:

• In keeping with Policy 2.2.1, and 2.2.3, rezoning the subject property would permit development more fitting of the Educational District.

Staff Recommendation

Conformity to the *Graham 2035 Comprehensive Plan* (GCP) and Other Adopted Plans

Applicable Policies;

• 3.3.2 Focused Development. In order to maintain Graham's affordability and promote growth, the city will facilitate smart growth development by promoting infill development and focused, walkable, and mixed use built environments. This development utilizes the land which is served by city water and sewer more efficiently than maintaining the existing R-18 zoning. Additionally, the R-9 zoning allows for the construction of more homes in suitable locations than the R-18 current zoning.

Applicable Strategies;

• **4.3.1** Land Use Patterns. Promote development of efficient land use patterns to allow continued quality and efficiency of water systems. Discourage the extension of water service into areas that are not most suitable for development. *The site would connect to existing city infrastructure, with redundant access and water and sewer connections.*

Staff Recommendation

Based on the *Graham 2035 Comprehensive Plan* and the *City of Graham Development Ordinance*, staff recommends **approval** of the rezoning. The following supports this recommendation:

• Rezoning the property would be in consistence with the Suburban Residential type and furthers policy 3.3.2, and strategy 4.3.1, as put forth by the *Graham 2035 Comprehensive Plan*.

Staff Recommendation

Approval

Conformity to the *Graham 2035 Comprehensive Plan* (GCP) and Other Adopted Plans

Applicable Strategies;

- 2.1.5 Reduce Barriers. Work with local businesses and economic development partners to identify and address unnecessary barriers to local business development. The adoption of the rezoning would permit a larger development upon this lot, while still being congruous with the adjacent properties.
- 2.4.2 Promote Industrial Redevelopment. Encourage reinvestment and intensification at existing industrial sites. Encourage redevelopment of existing buildings and infrastructure for industrial growth. The reduction in required setbacks may result in additional investment in the site.

Staff Recommendation

Based on the *Graham 2035 Comprehensive Plan* and the *City of Graham Development Ordinance*, staff recommends **approval** of the rezoning. The following supports this recommendation:

 In keeping with Policy 2.1.5, and 2.4.2, rezoning the subject property would permit a larger building footprint upon the lot.

Description of Development Type

Mixed Use Commercial District

Located adjacent to the HWY 54 Overlay Corridor.

These areas provide a mix or retail, commercial, office, multifamily residential and institutional uses. Buildings are multiple stories, with architectural details, surface textures, and should be built at a human scale.

Appropriate Form

2 – 5 story buildings

Desired Pattern

This land use area currently includes strip and other low density commercial developments. These should be redeveloped over time into pedestrian oriented nodal centers of activity. New buildings should be located no further than 15 feet from the front lot line. Automobile parking should be located on the street or behind buildings. Bicycle racks should be located in front of all new buildings and street development should include 8-15 foot wide sidewalks with street trees planted at 30 foot intervals.

Note: While the Planning Board chose not to make a recommendation on this item, a motion to recommend approval failed by a 4 to 2 vote.

This is a request to rezone the subject property from R-12 to R-9. The property is currently vacant, wooded, and under cultivation. Staff Recommendation

Approval

Conformity to the *Graham 2035 Comprehensive Plan* (GCP) and Other Adopted Plans

Applicable Policies;

- 3.3.2 Focused Development. In order to maintain Graham's affordability and promote growth, the city will facilitate smart growth development by promoting infill development and focused, walkable, and mixed use built environments. This development utilizes the land which is served by city water and sewer more efficiently than maintaining the existing R-12 zoning. Additionally, the R-9 zoning allows for the construction of more homes in suitable locations than the R-12 current zoning.
- 3.2.4 Greenway System. Promote a greenway system that links together the City's recreational resources and provides connections to commercial, employment, and residential areas. Greenways along stream buffers should be prioritized in order to protect the stream watershed. The developer has proposed a few connections, including one to the South Graham Municipal Park.

Applicable Strategies;

- 3.2.4 Haw River Trail. Coordinate with NCDOT, Alamance
 County Recreation and Parks Department, and other entities
 to build and maintain the Haw River Trail. This property is contiguous with a property currently undergoing subdivision, and may provide a connector trail to the Haw River Trail.
- **4.3.1 Land Use Patterns.** Promote development of efficient land use patterns to allow continued quality and efficiency of water systems. Discourage the extension of water service into areas that are not most suitable for development. *The site would connect to existing city infrastructure, with redundant access and water and sewer connections.*

Staff Recommendation

Based on the *Graham 2035 Comprehensive Plan* and the *City of Graham Development Ordinance*, staff recommends **approval** of the rezoning. The following supports this recommendation:

• Rezoning the property would be in consistence with the Suburban Residential type and furthers policies 3.3.2 and 3.2.4, and strategies 3.2.4 and 4.3.1, as put forth by the *Graham 2035 Comprehensive Plan*.

For single family residential, townhouses, duplexes, accessory dwelling units, and small scale multi-family dwelling of twelve units or less.

Buildings should be located near the front of the property line, oriented towards the street, and include front porches and other private outdoor spaces.

Recess garages behind the front of buildings to avoid streetscapes dominated by garage doors.

Frankie, I was given your name to contact from our West Hill Homeowners Association president Steve VanPelt. Attached is a letter which I would like you to include in the agenda for the July 14th Graham City Council meeting. The letter is concerning the RZ2006 Hanson and Palmer R-9 rezoning application. Please file the letter with this agenda. I've included both pdf files and Word documents as I have an older version of Word that might not comply with the city's software. Thank you for your assistance in this matter. William Buckmaster

July 7, 2020

To: Mayor Peterman, Mayor Pro Tem Turner, Council Member Wiggins, Council Member Talley, Council Member Hall

Graham City Council,

This letter is written in opposition to the Hanson Palmer R-9(RZ2006) rezoning request.

My wife and I have been Alamance County residents for 10 years, and have called the City of Graham home for the past 21 months. We purchased our West Hill Townhome because of its quiet neighborhood, accessibility, and Graham's unique quaintness.

Both of us are retired nurses. Much earlier in my vocational life, I built houses and worked as a survey crew member for a large land developer in Florida. So, I'm familiar with home construction and related property issues.

I am not usually legally oriented, but there seems to us some matters of importance for the City Council to consider in its deliberation of rezoning this particular tract of land.

First, compliance with NC Statue 143-214.7 has to be re-evaluated due to the proposed "high-density" rezoning. Is there currently a medium-density plan already turned into the City of Graham by Martin Shoffner to comply with NC Statue 143-214.7? Has this plan been submitted to the North Carolina Commission for review and approval? Has the Graham Planning/Zoning Board or Graham City Council received a "revised high-density" plan, and if so, where is that plan in the process of State Commission approval?

A second item we would like to bring to the Council's focus, is in the realm of compliance with Graham Development Ordinances.

I have not trekked the entire proposed property, but have walked much of it. The entire tract of land is a watershed system of rivulets and gullies feeding downhill into the Little Alamance Creek. The USGS topographical map of this parcel, bordered more than 50% by the Little Alamance Creek, tells a story of a 70 foot drop in elevation from Whisper Ridge Dr. down to the creek.

We would remind the Council of the importance of the US EPA's 2015 Category 4b Demonstration Plan for Little Alamance Creek. And, we would call attention to the language used in the City of Graham's own 2035 Comprehensive Master Plan concerning conservation of environment, watershed health, low impact development, and most importantly, improvement of stream health.

Our concern is, owing to the steepness of the land and the immediate proximity of the Little Alamance Creek surrounding much of the proposed property, how will a developer be able to comply with the stringent riparian buffer ordinances (Section 10.577)? Is there a plan already submitted by Martin Schoffner or a developer to meet these standards? If so, is the plan available for the public to view?

With these specific concerns in mind, we urge you to reject this Hanson Palmer R12 to R-9 rezoning.

Sincerely,
William Buckmaster 624 Whisper Ridge Dr., Graham

Frankie, Sorry to bother you. I tried to send this USGS topographic map, but since I've been having computer server problems of late, I'm not sure if it went through to you. I meant to include the topo map with my letter for the Hanson Palmer rezoning. Would you please add the map to my letter. Thank you, Will

1. Appearance Commission Position:

For the past couple of years my husband and I have been picking up trash, up and down Main ST, while we take our walks. Because of these walks I have been able to identify gaps that could be filled, that would allow us to enhance and maintain our city's beautiful aspect. I would like the opportunity to participate in this committee, to learn about our current efforts, and to bring my ideas to the table.

2. Historic Resources Commission Position:

I live in the N Main historical district. My great grandmother restored this home 30 years ago. It was her lifelong dream to restore a historical house. The historical value of this town has been present my whole life. When my grandparents passed, I didn't hesitate to leave Florida with my husband to purchase this home. I was clear to us how important it was for us to protect it. I love history and I have read every book about Graham that I have come across. I would be honored to have the opportunity to serve this committee, to be able to transform my enthusiasm for historical preservation into tangible community efforts that could help grow interest in the preservation of our heritage.

1. Appearance Commission Position:

For the past couple of years my husband and I have been picking up trash, up and down Main ST, while we take our walks. Because of these walks I have been able to identify gaps that could be filled, that would allow us to enhance and maintain our city's beautiful aspect. I would like the opportunity to participate in this committee, to learn about our current efforts, and to bring my ideas to the table.

2. Historic Resources Commission Position:

I live in the N Main historical district. My great grandmother restored this home 30 years ago. It was her lifelong dream to restore a historical house. The historical value of this town has been present my whole life. When my grandparents passed, I didn't hesitate to leave Florida with my husband to purchase this home. I was clear to us how important it was for us to protect it. I love history and I have read every book about Graham that I have come across. I would be honored to have the opportunity to serve this committee, to be able to transform my enthusiasm for historical preservation into tangible community efforts that could help grow interest in the preservation of our heritage.
