City of Graham Recreation and Parks Department Fees, Charges and Rules Policy Manual

Division 1: General

Section 1-1 Statement of Need

It is the responsibility of the City of Graham Recreation and Parks Department (GRPD) to offer a comprehensive program and to provide public parklands and facilities. Due to the heavy demands for new and expanded services, as well as an increase in operating expenses, it has become necessary to adopt a sound and consistent policy to guide the search and generation of supplementary revenues to tax dollars.

Section 1-2 Statement of Philosophy

The basic philosophy of the Graham Recreation and Parks Department is to offer year round diversified recreation services, ensuring all citizens have equal opportunity of participation. However, since the demand upon the GRPD is greater than the public's ability to appropriate public funds to support that demand, it becomes necessary to charge fees and pursue other supplementary revenues and resources.

Fees and charges for GRPD services will provide only one source of finance for the Department. Fees and charges will be thoroughly evaluated prior to their adoption into the fiscal matrix supporting public parks and recreation services; a matrix which includes general fund appropriations, contractual receipts, grants-in-aid, and special gifts and donations. Fees and charges will supplement these resources, neither replacing nor used to diminish the government's responsibility to provide public open space and leisure opportunities. Rather, fees and charges will be viewed as a method to expand and to continue to provide basic services on an equitable basis. The general benefit of services made possible through fees and charges must exceed any detriment imposed by the fees, and must be practical and economical.

Division 2: Fees and Charges

Section 2-1 Basic Services

The Graham Recreation and Parks Department will continue to provide basic recreation and park services at no charge in order to protect and conserve natural and historical properties and to promote the physical and mental wellbeing of its citizens.

Public funds will be used to acquire, improve and manage all parkland and recreation facilities whenever possible. No fees shall be charged to City of Graham Residents for entrance into neighborhood parks, comfort stations, playgrounds, greenways and trails.

Fees will not be charged for any program unless that program would not otherwise be available.

Section 2-3 General Guidelines

- (1) Charging fees is an equitable method of recovering a portion or all costs specified for an individual's recreational services.
- (2) Rental fees will be charged for the privilege of exclusively using tangible public property without consuming or injuring it in any way.
- (3) User fees may be charged for the use of a high cost facility or participation in an expensive activity.
- (4) Vending and exhibitor permits may be required for certain special events.
- (5) Special services fees will be charged for supplying commodities, activities or services.
- (6) Admission fees will be charged to attend special performances or events which require equipment, extra supervisory and maintenance personnel, or where profits are used to extend the activity.
- (7) Charging fees also may serve an independent function to ration limited activities, aid in discipline or control and promote respect for an activity.
- (8) Parking fees may be charged for special/holiday events to prevent overcrowding, to prevent subsequent damage to meadows and roadways, to minimize vandalism and/or to provide additional patron safety.
- (9) Check Policy - All checks should be made payable to the GRPD. A \$25 service charge will be assessed by the City of Graham for all checks returned by the bank. Cash will be required for subsequent payments on any "insufficient funds" account.
- (10) Refund Policy - With all refunds, patrons will be charged a \$10 administrative fee. After authorization, a check will be issued within 30 days so there is minimum inconvenience to our patrons.
 - a. Facility Rental: The following schedule will be used to determine refunds for facility rentals.

Cancellation 30 days prior to event	100% refund
Cancellation less than 30 days, but 14 or more	50% refund
Cancellation less than 14 days, but 7 or more	25% refund
Cancellation less than 7 days	No refund
 - b. Park Shelters: Refunds will not be issued unless the reservation is cancelled within seven (7) business days of the reservation date. Refunds will not be issued due to inclement weather; however, if requested, the GRPD will attempt to reschedule the reservation at a later date at no additional cost.
 - c. General Programs: Total refunds will be given without question prior to the start of a program. After the program has begun, a refund will be given only for medical or unavoidable circumstances and/or upon director approval. All programs cancelled by the GRPD due to

unforeseen circumstances or inclement weather will be rescheduled or a refund will be given in a prompt manner.

- d. Summer Day Camp - 100% refund will be given for cancellations made two weeks prior to the first day of camp. 50% refund will be given for cancellations made less than two weeks prior to the first day of camp. No refund will be given for cancellations made on or after the first day of camp.
 - e. Athletics - No refunds will be given two weeks after registration closes. Refunds will only be given for medical or unavoidable circumstances and/or upon director approval.
- (11) Program fees will be evaluated each year and adjusted if necessary. Fees will be determined by recommendations from the Recreation and Parks Staff and Director followed with Graham Recreation Commission's recommendation to City Council and final approval by Graham's City Council.

Section 2-3 Recovering Partial Costs

- (1) The public will be charged user fees, special services fees, sales fees and/or rental fees for special services and facilities based on the costs associated with the extra service, or upon a specified percentage of all direct costs.
- (2) Fees will recover the exact costs or a percentage of direct costs for special events, facilities and services when:
 - a. The cost per use hour of the service is high;
 - b. The activity uses consumable material;
 - c. The service requires a facility with high capital, operating or maintenance costs;
 - d. The activity requires special preparation or clean-up;
 - e. The activity requires special instruction at extra cost;
 - f. The service is extended beyond the normal operation.
- (3) Special services include but are not limited to organized adult athletics, instructional youth programs, tournaments and youth out-of-town outings.
- (4) Special facilities include but are not limited to one-time room rentals, lighted ball fields and tennis courts, picnic shelters and rental equipment. Exact rates will be set each year and published in the Fee Schedule.

Section 2-4 Recovering Direct Costs

- (1) Direct operation costs will include all transportation, lodging, part-time personnel necessary to conduct the program, rental facilities, purchase equipment and supplies and utility costs directly related to the program.
- (2) Programs that will recover direct costs include but are not limited to after school daycare, adult instructional classes, out-of-town trips and tours and adult athletics.
- (3) The established fee for co-sponsored fundraising programs with other public agencies or volunteer organizations shall cover the Department's contribution to the direct costs of offering the activity.
- (4) When not in use for a Department sponsored activity; organizations and the general public may rent designated areas, facilities and equipment.
- (5) Equipment rental rates will be based on original cost and depreciation.

Section 2-5 Recovering All Costs Plus Surplus

Upon approval of the Graham Recreation and Parks Director, public property may be used by closed membership groups and proprietary or commercial groups who want to use public property for financial gain or profit. The fee charged for use of public park land and facilities will be comparable to the prevailing commercial rates, or must recover all costs to the Department, whichever is greater. An additional fee will be charged for the privilege of conducting private business on public property.

- (1) Commercial or promotional activities on park land will be permitted only when they are clearly not in conflict with ongoing GRPD sponsored programs; or if the program can be conducted without any restriction of public use for a reasonable period of time.
- (2) Commercial or promotional activities in GRPD facilities will be authorized only if they provide a positive public service and meet a legitimate public need.
- (3) Commercial or promotional use of public facilities including use of public names of structures will not be authorized if such use constitutes an expressed or implied endorsement of commercial products, services or activities.
- (4) Sponsors of profit-making, commercial activities conducted on park property are required to show evidence of comprehensive general liability insurance sufficient to protect themselves from any potential incidents.
- (5) The sponsors of profit making, commercial activities conducted on park property must pay the prevailing rate.
 - a. Within thirty days after a commercial or promotional activity, an itemized list of all income associated with an event must be given to the Director.
 - b. The Director, in advance of the event, may require a deposit.

Section 2-6 Differential Fees: Special Situations and Groups

- (1) Consistent with the GRPD philosophy of ensuring all citizens equal opportunity to participate in recreation, this policy recognizes that paying fees may result in inequities for certain individuals, groups or situations. Therefore, the Department's policy will be flexible and will be implemented according to the following guidelines:
 - a. Due to the fixed income of many residents over the age of 55 special rates shall be determined for a facility or program on a case-by-case basis and shall be incorporated into the fee schedule for that facility or program for senior residents.
 - b. A system of reduced rates shall be available to residents who by virtue of a permanent handicap are financially disabled or restricted in wage earning ability. These reduced user fees shall be the same as those established by the Department for senior citizens.
 - c. Graham residents living on a limited or reduced income, considered below the area minimum wage based on a 40-hour workweek, may be considered for reduced user fees the same as senior citizens.
 - d. Residents in the categories above must be able to substantiate, to the GRPD Director, proof of age or financial need, whichever is appropriate. All information provided will be confidential and used only for the purpose of establishing eligibility for reduced fees. Residents meeting these requirements will be issued a pass card indicating entitlement to reduced user fees. The cards will be signed by the Director and will indicate the date of expiration.
- (2) Because children are not financially independent, regardless of their parent's income, GRPD will offer reduced rates for children ages 16 and under at revenue producing facilities and for those programs which do charge children a fee.
- (3) Many non-residents use GRPD's facilities and services, but make no tax contributions to help support these services. It is not equitable for the citizens of these adjoining units to enjoy the facilities or services while City of Graham residents are taxed for its maintenance and operation. Therefore, it is reasonable to incorporate into the fees and charges policy, discount resident fees for admissions, registrations and user fees. Thus, visitors and residents together will help maintain facilities and services and provide funds for continued expansion and proper staffing.

To receive the Graham resident discount, participants must present proof of residency at time of registration. A resident of Graham will be considered one who pays City of Graham taxes.

- (4) The GRPD in conjunction with the Graham Optimist Club has established a scholarship program for eligible Graham residents. Applicants must be: a) a Graham resident, b) enrolled in an Alamance-Burlington School System school, c) enrolled in a local charter school or d) a registered home-school student AND currently receiving assistance from a government need-based service (i.e. reduced/free lunch, WIC or Section 8 Housing). Applicants should complete the scholarship form and present proper documentation of assistance from a government agency within the formal registration period. Complete applications will be approved/denied by the GRPD Director or appointee. Participants are limited to three (3) applications per year and become ineligible if receiving other assistance for GRPD

programs. Once a scholarship is granted, the participant must attend 80% of program. Failure to meet scholarship requirements will result in termination of benefits and placement on ineligible status for one (1) year.
