

The Graham Appearance Commission is proud to sponsor the annual *Business Beautification Award*. This award is given to a Graham area business in recognition of its outstanding contribution to the beautification of the Graham business community.

Landscape, hardscape, lighting, window design and overall aesthetic quality are the components considered when choosing the winner of this award. Additionally, finalists must be in compliance of codes, taxes and all applicable city ordinances in order to be eligible for consideration.

A site review and nomination process is currently underway. The Appearance Commission will choose three finalists and the *Business Beautification Award* will be presented to the winner at the June City Council meeting.
