## Exhibits Required for an Application for a Certificate of Appropriateness

- 1. **A location or vicinity map** clearly showing the location of the project within the immediate neighborhood.
- 2. **Current color photographs** of the property showing its present condition, which accurately represents the existing material, colors and textures. In addition, color photographs of all adjacent sites, buildings and other improvements clearly showing the style and character of the area. Such photographs shall accurately represent all colors and textures of the various materials of adjacent improvements. All photographs shall be labeled to indicate the direction of view.

### for Signs

- 3. **Colored elevations**, drawn to scale, showing the size of the sign in relation to the building, the location of the sign, all details of construction, colors and textures; complete with dimensions showing ground clearance, length, height, width and projection.
- 4. **A large scale drawing** showing the size of the sign, details of construction, materials, colors, lighting, size-style and spacing of letters, method of support, and proposed materials and finishes, noted and keyed to the physical samples required in Exhibit 5.
- 5. **Physical samples** of all materials proposed for use on the sign, labeled and keyed to the large scale drawing required in Exhibit 4.

#### *\*Types and kinds of improvements to be considered minor:*

1. Repainting resulting in a different color.
2. Addition or deletion of awnings, shutters, canopies and similar appurtenances.
3. Application or use of exterior materials of a different kind, type, color or texture than those already in use, which will substantially cover one or more sides of the structure. This provision applies to roofing as well as siding.
4. All improvements, alterations and renovations which can be accomplished without obtaining a building permit.
5. Outside storage which does not require structure changes, such as a car sales lot.

#### *^Types and kinds of improvements to be considered major:*

1. Construction of a new building or auxiliary structure.
2. Any addition or alteration of an existing structure which increases the square footage in that structure or otherwise alters its size, height, contour or outline.
3. Change or alteration of a structure's architectural style.
4. Addition or removal of one or more stories.
5. Alteration of a roof line.
6. Landscaping.
7. All other items as defined in the ordinance.

### for Minor\* and New/Major^

- 3. **Colored elevations**, drawn to scale, of all sides showing complete architectural details and including all exterior equipment and appurtenances located on the roof, in the walls and on the ground. All existing and proposed materials and finishes shall be identified, noted on the elevations, and keyed to the samples required in Exhibit 4. Colored elevations shall be prepared at the largest practical scale. *For new/major*, the elevations should show accurately the placement of landscaping elements (showing their size and shape) where they are in close proximity to any structure.
- 4. **Physical samples** of all materials, items or devices to be installed, accurately showing color, texture and scale. All samples shall be identified by listing the manufacturer's name, brand name and manufacturer's color number, and keyed to the elevations required in Exhibit 3.
- 5. **Manufacturer's catalog data** (if applicable) on all mail boxes, trash receptacles or containers, signs, transformers, air conditioning equipment and other visible devices and materials showing size, form, quantity, color, type of material, height, location and method of installation.

### for Minor\*

- 6. **A colored site plan** of the property showing proposed storage area and proposed method of screening. If landscaped, the plan shall define size, location and species of plant material. If other screening is proposed, materials shall be identified, typical samples shall be submitted, and the plan shall show a cross-section of a typical section drawn to scale.

### for New/Major^

- 6. **A site plan** of the property, identical to the site plan required by the Planning Dept.
- 7. **A colored landscaping plan** clearly showing the size, location and species of all plant material. A schedule showing the type of plant, number, size at installation (height and spread), size at maturity (height and spread) and time required to reach maturity. In addition, the plan shall show any exterior lighting, provisions for trash storage and removal, location of air conditioning equipment, transformers, signs, fences or walls, and any other equipment or construction. This plan should be similar in size and scale to the site plan in Exhibit 6.
- 8. **Manufacturer's catalog data** or other material showing each type of exterior light fixture, its size, shape, lighting characteristics, color, type of mounting, type of pole and height of pole-mounted lights.
- 9. **A colored perspective rendering** (when requested) showing the form, style and scale of the project, all rooftop equipment and screening proposed, signs, landscaping and other architectural features. Such rendering shall be accurate as to both scale and color of representation.
- 10. **A set of floor plans and details** showing the location of entrances, windows, halls, rooftop equipment, etc.
