## DONATION INFORMATION SHEET

Donating a tree is a great gift for the hard-to-buy-for person, or for someone who “has everything”. It is a great way to remember and honor someone who has passed away, since it is a “living memorial”. Tree donation is a wonderful way to mark the birth of a child, celebrate an anniversary, to simply say “I love you”. It makes a great class project, a unique way for your club or group to make a contribution to the community, or something to do for yourself. Whatever the reason, trees are vital to the well-being of our environment. They clean the air and keep the atmosphere in check. They give us shade, attract wildlife, and mark the seasons in a beautiful way.
